

RECOMMENDATION LETTER

To whom it may concern,

I am writing to wholeheartedly recommend Leul Gedion, a graduate of the AI Career Essentials Program with ALX, for any opportunity or position that they may pursue. During their participation in the program, they exhibited exceptional dedication, talent, and leadership.

Leul not only successfully completed the AI Career Essentials Program but also demonstrated an outstanding commitment to the growth and development of their peers. They took on the responsibility of serving as a volunteer mentor for other learners, excelling beyond expectations. Our program delivery team had the privilege of working closely with Leul during the mentorship program where they demonstrated remarkable insight, compassion, and expertise.

One of their most remarkable achievements as a mentor was their ability to effectively guide and support fellow learners who were struggling to meet program requirements. They used their expertise and experience to provide invaluable assistance, helping these learners overcome challenges and ultimately succeed in completing missing deliverables necessary for graduation.

Leul possesses a rare combination of technical proficiency, empathy, and leadership skills. Their dedication to supporting others, coupled with their impressive problem-solving abilities, makes them an invaluable asset to any team or organization.

I am confident that Leul will continue to excel and make significant contributions in any endeavor they choose to pursue. Leul has my highest recommendation without reservation.

Sincerely,

Rumbidzai Hove
AiCE Program Manager
